

### Cabrillo Fishing Pier Plans Receive Approval

The Los Angeles City Recreation and Parks Commission announced today that it has approved, subject to approval of the State Wildlife Conservation Board, preliminary plans and specifications for construction of a fishing pier at Cabrillo Beach in San Pedro.

The plans, specifications, and cost estimates, being prepared by the architectural firm of Koebig and Koebig, Inc., will be forwarded to the Wildlife Conservation Board.

The Cabrillo Fishing pier will be located 130 feet north of the existing Cabrillo Beach

breakwater. The precast concrete structure will measure 1,200 feet in length and 20 feet in width and include a snack bar, bait shop, and sanitary facilities.

Preliminary plans also call for construction of a parking lot and installation of lighting, benches, and other necessary improvements.

#### TIRES

Keep your tires properly inflated and check them often for cuts, breaks, and excessive wear, advises the National Automobile Club.

**LEAD CLUB . . .** DeLane and Jim Cahow will take over as skippers of the Bells and Buoys Square Dance Club the end of September. They will succeed Neil and Bill Hulsey, who have headed the club for the past year. The group will begin its new year by offering square dance classes for beginners each Tuesday evening from 7:30 until 10 at Narbonne High School, 24300 Western Ave. Information may be obtained from the Cahows or the Hulseys.

## State Has Little Ready Cash, Controller Reports

**Capitol News Service**  
**SACRAMENTO**—The family man who runs his budget a bit close to the vest might be interested to know that California's general fund ended the last fiscal year on June 30 with a surplus that amounted to .00002 per cent of the total expenditures in the following year.

But State Controller Hous-ton I. Flournoy, reporting on the general fund condition, noted that the tiny surplus of \$131,743 wasn't really that much as the state owed \$172 million from borrowings during the 1966-67 fiscal year.

And to this was added the fact that the general fund picked up \$334 million in revenues during the year through the accrual system,

which permitted the state to count income that was owed the state but not yet collected.

**THE ACCOUNTING** for the general fund wasn't quite as simple as that, Flournoy said. At one point in totting up the condition of the general fund at year's end, there was a deficit of \$20,647,430, he said. But when some \$100,300,000 in personal income taxes—earned but not received—was added to the total, the state had a paper surplus of \$79,652,570.

That surplus, incidentally, had been referred to a number of times by former Governor Edmund G. Brown and his director of finance, H. A. Champion. They said they

were leaving the state government with a healthy working surplus.

**BUT FLOURNOY** continued.

"The Medi-Cal accrued accounts payable then came in totalling \$79,520,826, leaving us with a thin \$131,743 in surplus, on paper," he said. "If the accrued income taxes had not been added to the state's income for last year the state would have wound up the year with a deficit of \$100,188,256."

Flournoy's report showed general fund income for the year was \$2,887,246,660, in-

## Hahn Makes Appointment To Council

Mrs. Robert Irons of Gardena has been appointed by Supervisor Kenneth Hahn to the Los Angeles County Library Advisory Council.

Mrs. Irons will replace Mrs. Pat Askey who served on the council with distinction until moving from the Victoria Park community.

Mrs. Irons, of 211 East 184th street, will represent the Victoria Branch Library at 18419 S. Avalon Blvd.

cluding accrued revenue, while the outgo totaled \$3,027,783,417, a difference of \$140,536,757.

## what do you trust?

You can't do much without trusting in something besides yourself. And sooner or later, all our trust must come to a focus in God. We must go deeper with our spiritual searchings until we understand Him as the divine Principle of everything that really exists. Explore this subject with us at a public lecture called "What Do You Trust?" by GORDON F. CAMPBELL, C.S.B., member of The Christian Science Board of Lectureship.

### South Bay Club Wins Top Award

Presentation of a "Big E Award" will highlight installation ceremonies Saturday night when the South Bay Exchange Club seats officers for the 1967-68 year.

The "Big E Award," one of 157 awarded nationally to chapters of the Exchange Club International, will be presented to the local club by Fred L. Cronk, district president, and Al Solomon, district director.

Wilson Rutherford, immediate past national president, also is expected to attend the ceremonies.

# We're working on the world's longest extension cord

If there's one thing we have a lot of in Southern California, it's people. Wherever there are people, there has to be electricity for them to use for the thousand and one things only electricity can do.

Southern California uses a terrific amount of electricity now. But with the way it's growing, we'll need twice as much in less than ten years.

One new source of electricity for Southern California is surplus hydro-electric power from the Pacific Northwest.

So, we're working with other California utilities and the Department of Interior to bring some of that surplus hydro-electric power into this area. We can do it because of fairly recent breakthroughs in the art of transmitting large amounts

of electricity over very long distances. It's called EHV, "extra-high-voltage" transmission.

An extensive system of "EHV" transmission lines will stretch all the way from the Pacific Northwest and Canada to Southern California Edison's distribution network.

Before long, you may be playing your stereo with electricity that's travelled nearly a thousand miles. All because of EHV. Not that we want you to get excited about it. We expect you to take it pretty much for granted.

EHV is just one more way we have to provide you with a constant and plentiful supply of low-cost electricity. That's what our customers want and, as an investor-owned company, it's our business to make sure they get it.
